DS232-AC

2" Corded 2500 RPM Auto-feed Screwdriver

High torque motor is a great fit for general contractors that need the versatility to do a wide variety of jobs. Added torque provides plenty of power for composite decks, cement board, or applications where dense engineered materials are needed. Ideal for applications where drill point screws are used to cut through heavy steel.

Specifications

Item #: 7U0001N
RPM: 0-2,500
Torque: 100 inlb
Amp draw: 6.0
Voltage: 120 V/60 Hz
Weight: 4.75 lbs. (2.15 kg)
Height: 9.2" (233 mm)
Length: 16.75" (425 mm)
Width: 2.75" (70 mm)

Fastener Specifications

Screw Lengths: 1" - 2"*
Screw Diameters: . . . #6 - #12
Drive Type: Phillips, Square and REX drive
*1/2"-2" with nosepiece sold separately, part #: FC0822

Applications

For drywall (to wood or steel studs), subfloor, structural steel decking, cement board, underlayment, metal framing, rigid foam insulation.

Features and Benefits

- 2500 RPM high-torque motor
- Patented-pending corner-fit feed system
- Variable speed trigger with lock and reverse
- Tool-free screw length adjustment
- Precise depth-of-drive adjustment with depth lock
- Quick slide button bit change
- Belt hook -right or left handed adjustable
- Comes complete with two drive bits, drywall and wood nosepiece, and storage bag

DS232-AC

Features

Tool Free Adjustable Nose Piece

With easy-to-read length markings, adjusts to screw lengths of 1" - 2"

Super Hard Drive Bits

The longest-lasting drive bits available

Patent-Pending Corner-Fit Feed System

With better line of sight. Smooth operation and excellent wall/corner access.

Adjustable Depth-of-Drive with Depth Lock

For flush drive or countersink

Reverse Switch

To back out driven screws

Wood Nose Piece

Insures a straight drive in harder materials

Drywall Nose Piece

Dimples drywall just right

1/2"-2" Nosepiece

sold separately,
part #: FC0822

Quick Slide bit release Move the slide and the bit easily drops in or out

0-2,500 RPM High Torque Motor

Specially designed to torque screws in without bogging down

Second Hand Grip

Helps combat worker fatigue

Trigger Lock

Belt Hook

Keep the tool within reach for improved productivity

Comfortable Grip

Ergonomically designed for extra comfort and better productivity with less exertion

Heavy Duty Rubber Cord

10 ft. Cord

Variable Speed Trigger

Allows user to regulate RPMs for self-tapping screws into steel and other applications

Includes Nylon Storage Bag
